

# Australasian Society for Breast Disease

This course is endorsed by

## Applied Ultrasound for Clinicians

Saturday 27 February 2016 0830–1730

Melbourne Marriot Hotel Corner Exhibition & Lonsdale Streets

This one day course is designed for breast surgeons and other clinicians with limited prior experience in the use of ultrasound. The course program will include:

- ◆ Physics of ultrasound
- ◆ Practical breast ultrasound optimisation
- ◆ Breast ultrasound anatomy, pathology and clinical applications
- ◆ Integration of office ultrasound into (surgical) practice
- ◆ Ultrasound guided biopsy
- ◆ Perioperative ultrasound techniques
- ◆ Practical workshop (Live scanning of patients; core, fine needle, and novel biopsy techniques on phantoms)

Speakers will include: Prof Ian Bennett, Dr Michael Law, Dr Daniel de Viana, Dr Daniel Lee, and Brian Starkoff.

### REGISTRATION

Registration cost of \$580 covers the ultrasound course, lunch, morning and afternoon tea, and drinks.

### PLEASE REGISTER EARLY AS NUMBERS ARE LIMITED!

Register online using a credit card. Visit [www.asbd.org.au](http://www.asbd.org.au) and follow the link to the registration website. OR Complete this registration form, scan and email to [info@asbd.org.au](mailto:info@asbd.org.au), or post.

### CPD

This educational activity will be submitted to RACS CPD Program. The course is accredited towards CCPU by the Australian Society for Ultrasound Medicine.

### ACCOMMODATION

An accommodation rate for delegates has been negotiated at the Melbourne Marriot. Please contact Kerry Eyles for details.
