

**Australasian Society
for Breast Disease**

SATURDAY 7th October - PROGRAM

Time	Location	Title	Speaker(s)
0715-0830	LAGOON	Breakfast Function <i>ASBD AGM</i>	
0845-1030	GB2/3	Session 5 Keynote and Proffered Papers KEYNOTE: Advances in treatment for HER2 positive breast cancer Research Potpourri (Proffered Papers) Breast Magnetic Resonance Imaging Outcomes and Utility of Multidisciplinary Discussion Missed lesions in primary surgery after needle localised excision of impalpable breast lesions A double-blinded randomised controlled trial to assess the efficacy of Glubran-2 in reducing seroma formation after a mastectomy with or without axillary dissection Importance of breast tumour margins and how to measure them effectively Arm Morbidity: is there a difference if completion axillary dissection is undertaken in the same procedure as sentinel node biopsy or as a second operation? Quantifying the Potential Impact of Second Opinion Strategies for Improving Pathologic Interpretation of Breast Biopsy Specimens. Relevance of axillary procedure in elderly patients with low-risk breast cancer: A 5 year retrospective audit of a single tertiary centre.	Reuben Broom Arlene Chan Jillian Leong Bindu Kunjuraman Zachariah Clement Christobel Saunders Talia Shepherd Ana Tosteson Talia Shepherd
1030-1100		Morning Tea	
1100-1230	GB2/3	Session 6 Personalised Care KEYNOTE: Pathology in the molecular era KEYNOTE: Risk adapted radiation therapy Genomic profiling - integrating into clinical care Questions	Nirmala Pathmanathan Sunil Badve Charlotte Coles Graeme Suthers
1230-1330		Lunch - Trade Area	
1300-1330		POSTER DISPLAY - AUTHORS PRESENT	
1330-1530	GB2/3	Session 7 Special Event Masterclass in Multidisciplinary Teams: Creating and sustaining a high performance team culture	Michelle Reintals Neil Carrington
1530-1600		Afternoon Tea	
1600-1730	GB2/3	Session 8 MDT and Q&A Case presentation with discussion Q&A with international speakers - submit questions via the app.	All international plus others

PROGRAM

11TH SCIENTIFIC MEETING Quandaries and Controversies for the Multidisciplinary Team

5th - 7th October 2017
Sheraton Grand Mirage Resort,
Gold Coast

THURSDAY 5th October - PROGRAM

Time	Location	Title - WORKSHOP CONTENT	Speaker(s)
0900-1645	PANDANUS	Workshop 1 Applied Ultrasound for Clinicians <i>BARD, HOLIGIC, GE HEALTHCARE, CLARIUS MOBILE HEALTH</i>	Daniel de Viana Brian Starkoff Ian Bennett Michael Law Daniel Lee
0900-1230	LAGOON 2	Workshop 2 Breast MRI for Radiologists Case presentations and discussion	Michelle Reintals Christiane Kuhl
0900-1230	GB3	Workshop 3 Radiation Oncology Breast IMRT, hypo fractionation, partial breast RT, nodal RT, preoperative RT, safe omission of RT	Yvonne Zissiadis Charlotte Coles
0900-1230	GB2	Workshop 4 BCN/ Supportive Care Workshop - ACELITY Surviving reconstruction The usage of negative pressure wound therapy in breast surgery Physiotherapy, exercise and breast cancer survivorship <i>Morning Tea</i> Survivorship care Sexuality and menopause	Kathy Devantier John Gault Farid Meybodi Tara Redemski Debbie Farrell Susan Fraser Janine Porter-Steele
1330-1650	GB3	Workshop 5 Psychology: Communication at the Coalface An interactive workshop designed to build the insight and skills you need to manage the daily challenges of cancer care.	Meagan Brennan Jemma Gilchrist Jane Turner
1330-1650	LAGOON 1	Workshop 6 Pathology Difficult and/or interesting cases	Reena Ramsaroop Sunil Badve
1315-1650	GCUH offsite by bus	Workshop 7 - ROLLIS - Radio-guided Occult Lesion Localisation using Iodine 125 Seeds Half-day training course <i>ALPHA XRT, SURGEON'S CHOICE</i>	Donna Taylor Rhea Liang
1700-1830	GB2/3	Minisymposium - Multidisciplinary Approach to Resistant Disease MSK approach to locally advanced/resistant disease Principles of management of resistant disease - medical oncology Pathology - molecular predictors/ mechanisms of resistance Case Studies	Catherine Shannon Monica Morrow Arlene Chan Sunil Badve Panel with Charlotte Coles
1830-2030		Social Function - Welcome/Networking drinks - Exhibition Area - ROCHE	
1900-2000	LAGOON 1	Australasian Society of Breast Physicians Meeting	Deborah Pfeiffer

FRIDAY 6th October - PROGRAM

Time	Duration	Title	Speaker(s)
0715-0830	LAGOON	Breakfast Function - SONIC HEALTHCARE Navigating the Maze: How accurate are the risk predictions by different gene expression assays?	Graeme Suthers
0845-0850	GB2/3	Welcome KEYNOTE: Team dynamics and the MDT	Yvonne Zissiadis Jemma Gilchrist

FRIDAY 6th October - PROGRAM *continued*

Time	Duration	Title	Speaker(s)
0915-1035	GB2/3	Session 1 High Risk Breast density Clinical perspective KEYNOTE: Rapid breast screening using MRI Questions	Yvonne Zissiadis Michelle Reintals Monica Morrow Christiane Kuhl
1035-1100		Morning Tea	
1100-1230	GB2/3	Session 2 DCIS - SURGEON'S CHOICE The role of MRI in diagnosis and staging of DCIS Australian trial of treatment vs observation of DCIS DCIS: what is an adequate surgical margin? The role of radiation therapy in DCIS	Daniel de Viana Christiane Kuhl Christobel Saunders Monica Morrow Charlotte Coles
1230-1330		Lunch - Trade Area	
1300-1330		POSTER DISPLAY - AUTHORS PRESENT	
1330-1500	GB2/3	Session 3 Controversies in Neoadjuvant Systemic Therapy Monitoring response to neoadjuvant chemotherapy KEYNOTE: Surgical management of the axilla after neoadjuvant therapy Reporting pathological response - classification systems Update on current neoadjuvant therapy trials Questions	Catherine Shannon Christiane Kuhl Monica Morrow Sunil Badve Arlene Chan
1500-1515		Afternoon Tea	
1515-1645		Session 4 Break Out 1 (4 sessions)	
	GB3	1. Oncoplastic Surgery - AIRXPANDERS Management of infected breast prosthesis with negative pressure wound therapy. Does it work? Lipofilling - Evolution and practical tips Evolution in breast surgery techniques Implants - Techniques to improve outcomes Questions	David Messer Farid Meybodi Alexander Brown James French Daniel de Viana
	GB2	2. Survivorship Supporting women with fear of cancer recurrence Quality of life issues in (extended) adjuvant endocrine therapy Prescribing exercise after breast cancer treatment	Meagan Brennan Jemma Gilchrist Kathryn Middleton Carolina Sandler
	LAGOON	3. Imaging Technology Introduction Mammography update Ultrasound update Breast MRI update Panel Q&A	Deborah Pfeiffer Deborah Pfeiffer Margaret Gockel Gabriel Palangeanu Nicole Atcheson
1500-1700	DIRECTORS BOARDROOM	4. Genesis CancerCare Breast Cancer Working Group Meeting - GENESISCARE Afternoon tea will be available at the meeting	Yvonne Zissiadis
1745-2300		McLaren's Landing - by boat - Social Function
