

12th Scientific Meeting of the Australasian Society for Breast Disease

Precision, Innovation and the Future

RACV Royal Pines Resort, Gold Coast

10-12 October 2019

THURSDAY 10th October - PROGRAM

Time	Location	Title	WORKSHOP CONTENT	Speaker(s)
0900-1215	Monarch	Workshop 1 Breast imaging in screening and diagnosis	Using MRI & tomosynthesis for screening Breast density legislation lecture	Chair: Patty Connor Debra Ikeda
0900-1215	Marquis	Workshop 2 What does a non-pathologist clinician need to know?	Breast Cancer Grade and Ki67: Are they still relevant in the molecular era? Triple negative breast cancer: Morphological and molecular insights Atypical and borderline epithelial proliferation on core biopsy: A pathological basis for management ER/PR and HER2 testing: Why the answer is not always straight forward Prognostic gene expression profiles: A comparison of the commercially available assays in Australia	Chair: Nirmala Pathmanathan Giuseppe Viale Jane Armes Margaret Cummings Cameron Snell Gavin Harris
0845-1215	Jacaranda & Karrie Webb	Workshop 3 Ethics & Law – End of life/ Bioethical dilemmas	End of life law for clinicians Bioethical dilemmas in cancer treatment and research	Chair: Jenny O'Sullivan Ben White David Kirchoffer
1315-1615	Marquis	Workshop 4 Multidisciplinary approach to oligometastatic disease	Interventional Oncology: Percutaneous Options Interventional Oncology: Intravascular Options SABR for ablation of intra- and extracranial oligometastases and immune priming Approaches to spinal and leptomeningeal metastases Medical oncology perspective Afternoon tea Palliative care perspective Management of oligometastatic disease- MDT panel and cases, scenarios	Chair: Nick Repin Duncan Walker Duncan Walker David Pryor Hamish Alexander Richard Kefford Ralph McConaghy Panel
1315- 1600	Jacaranda & Karrie Webb	Workshop 5 Radiation Oncology Masterclass	Hypofractionation for PMRT and regional nodal irradiation Discussion Adjuvant partial breast radiotherapy Discussion Afternoon tea Radiotherapy and Reconstruction Discussion	Chair: Selena Young Anne Koch Nicola Lowrey, Penny Mackenzie Anne Koch Anne Koch
1315-1615	Monarch	Workshop 6 Survivorship & Living with cancer	Survivorship by another name: Understanding the lived experience Exercise Q&A The impact of cancer treatments: Sexuality and menopause Q&A Afternoon tea Cognitive health and rehabilitation Q&A Wellness after cancer: Strategies for the future Wrap up and Q&A	Chair: Minjae Lah Leonie Young Chloe Salisbury Janine Porter-Steele Heather Green Janine Porter-Steele Janine & Leonie
1630-1835	Marquis	Minisymposium - New management strategies in de novo metastatic disease	LAUNCH: Cancer Australia Statement: Influencing best practice in metastatic breast cancer Setting the scene - Case Study	Peter & Elisabeth Dorothy Keete, Fran Boyle Peter Chin/Elisabeth Elder

	The role of surgery in the setting of de novo metastatic disease Loco-regional radiotherapy in the setting of de novo metastases New agents in immunotherapy and targeted therapy Role of the Metastatic Breast Cancer Nurse Management of metastatic disease - Challenging Cases	Terry Mamounas Jonathan Ramsay Richard Kefford Kerryn Ernst Panel
--	---	---

1835-2035 **Social Function - Welcome/Networking drinks - Exhibition Area**

FRIDAY 11th October - PROGRAM

Time	Duration	Title	Suggested Speaker(s)
------	----------	-------	----------------------

0715-0830	Royal Poinciana	Breakfast Function - Industry Practice changing data in HER-2+ early breast cancer <i>ROCHE</i>	Charles Geyer
-----------	-----------------	--	---------------

0845-0850	Marquis	Welcome	Elisabeth Elder, Minjae Lah Peter Chin, Patty Connor Terry Mamounas Debra Ikeda Nirmala Pathmanathan Terry Mamounas Farid Meybodi Panel
0850-1035	Marquis	Session 1 The changing landscape of breast surgery KEYNOTE: Neoadjuvant systemic therapy for tailoring loco-regional treatment Imaging end-points for neoadjuvant therapy NACT and pathological assessment of treatment response Modern approach to management of the Axilla Extreme Oncoplastics Discussion	

1035-1100		Morning Tea	
1100-1230	Marquis	Session 2 New frontiers in systemic therapy KEYNOTE: Re-thinking the subclassification of TNBC Immunotherapy in breast cancer: recent advanced and the future CD4/6 inhibitors in ER+ breast cancer HER2+ Discussion	N Pathmanathan, Cath Shannon Guisepppe Viale Natasha Woodward Kathryn Middleton Charles Geyer Panel

1230-1330		Lunch - Trade Area	
1245-1330	Karrie Webb	ASBD AGM	
1245-1330		POSTER DISPLAY - AUTHORS PRESENT	

1330-1530	Marquis	Session 3 - Smarter ways to clinical practice Role of genomic profiling in the de-escalation of systemic therapy in early breast cancer AI in radiology practice AI in the pathology lab PROFFERED PAPERS: Are Victorian women interested in risk stratified breast screening? IMpassion130: updated overall survival from a global, randomized, double-blind, placebo-controlled, Phase-III study of atezolizumab + nab-paclitaxel in previously untreated locally advanced or metastatic triple-negative breast cancer (mTNBC)[1] Stage IV Breast Cancer: Factors Affecting Survival Rates in a Tertiary Institution, a 7 year experience. Targeted axillary dissection in patients with node positive breast cancer that becomes clinically and radiologically node negative after neoadjuvant systemic therapy cancer mastectomy: the Australian experience cost? Fight Back With Fitness: A focus on improvement in general wellbeing and reduction of recurrence of breast cancer with exercise	Yvonne Zissiadis, Selena Young Torsten Nielsen Nick Repin Reena Ramsaroop Jocelyn Lippey Nicole McCarthy Abdullah Shehzad Nina Sriram Jennifer Xu Shehnarz Salindera Luke Bromley Sharyn Donaldson
-----------	---------	--	--

1525-1550		Afternoon Tea	
1550-1730	Marquis	Session 4 Evidence based supportive care KEYNOTE: Complementary therapies for people with breast cancer Prescribing exercise Medical Cannabis: Weeding out the facts Peer support for cancer patients Sexuality and body image with breast cancer	Jenny O'Sullivan, Peter Chin Shaun Holt Chloe Salisbury Shaun Holt Leonie Young Janine Porter-Steele

		Panel - questions	Panel
1730	Karrie Webb	ASBP AGM	
1900-2300	Prince/Monarch	Social Function - dinner Dinner Guest Speaker - Art, passion and life	Terry Mamounas

SATURDAY 12th October - PROGRAM

Time	Location/Time	Title	Speaker(s)
0715-0830	Prince	Breakfast Function - Industry Molecular classification of breast cancer: update on expression profile and somatic mutation <i>Nanostring/Sonic Healthcare/Bio-Strategy</i>	Torsten Nielsen
0845-1030	Marquis	Session 5 Innovation in locoregional therapy KEYNOTE: Regional nodal irradiation for early stage breast cancer Evolution of breast conservation and breast radiotherapy XRT post neoadjuvant chemotherapy in early high risk breast cancer Pre-operative radiotherapy Reverse sequencing - chemo and radiation prior to immediate reconstruction Discussion	Yvonne Zissiadis, Elisabeth Elder Anne Koch John Boyages Andrew See Michael Chao Caroline Baker Panel
1030-1100		Morning tea	
1100-1245	Marquis	Session 6 Defining and managing benign and indolent breast lesions KEYNOTE: Breast density/LCIS and cancer risk Pathology of lobular neoplasia Benign and borderline breast lesions : classification and management Fibroadenomata - is follow-up necessary? Granulomatous mastitis - pitfalls in diagnosis and management Discussion	Jenny O'Sullivan, Patty Connor Debra Ikeda Sunil Lakani David Clouston Chris Pyke Judy Bligh / Heidi Peverill Panel
1245-1345		Lunch	
1255-1345		POSTER DISPLAY - AUTHORS PRESENT	
1345-1530	Monarch	Session 7 Break Out 1 (2 sessions) 1 Approaching the topic of Immediate reconstruction Genetics and Reconstruction: Controversial indications for risk reducing mastectomy Decision making in challenging cases : patient choice or surgeon choice? Update on Immediate Reconstruction techniques Radiotherapy and Reconstruction: What works? What doesn't? Psychology and patient anxiety in breast reconstruction Discussion	Peter Chin , Elisabeth Elder Helen Marfan Elisabeth Elder James French Andrew Spillane Catherine Adams
1345-1530	Marquis	2 Cancer support State of the Nation – how consumers' experiences can help improve the healthcare system Managing lymphoedema Diet, nutrition and exercise Financial impact - supporting your patients The role of breast Specialist Nurse Practitioner Discussion	Minjae Lah, Kerryn Ernst Kirsten Pilatti John Boyages Zoe Thomson Kirsten Pilatti Jenny Gilchrist Panel
1530-1600	Monarch	Afternoon Tea KCI A/Tea Presentation - Decreasing wound complications in Breast Surgery	
1600-1720	Marquis	Session 8 MDT Case presentations Challenging clinical scenarios & panel discussion	Elisabeth Elder, Nick Repin Chris Pyke (Chair), Terry Mamounas, Debra Ikeda, Guiseppe Viale & Anne Koch, Jenny Gilchrist, John Boyages, Cath Shannon, Catherine Adams, Leonie Young
1720-1730		Conference close Presentation of prizes and awards	Minjae Lah, Elisabeth Elder
